U. S. Aviator W. D. Billingsley Killed; Lieut. J. H. Towers Badly Injured

Is Rescued by Motor-Boat and Hurried to Naval Hospital

ANNAPOLIS, Md., June 20.—Ensign William D. Billingsley of Mississippi was instantly killed today and Lieutenant John H. Towers of Georgia was seriously injured when the hydroplane in which they were maneuvering over the Chesapeake bay in the vicinity of Kent island collapsed and threw both men into the water.

A party on a motor boat witnessed the accident and rescued Lieutenant Towers. They did not stop to search for Ensign Billingsley, as his body was not in sight and it was presumed that he had sunk. Lieutenant Towers was so badly hurt that all speed was made for the naval hospital at Annapolis.

Ball Ends the Royal Oaks' Northern Tour

SPOKANE, June 20.—An elaborate ball given last night in honor of the Royal Oaks brought to a successful culmination the tour of the Oakland hosts. The ball was given under the direction of the Spokane Ad Club and was one of the most successful social events of the season. Hundreds of the business men of this city welcomed the incoming Californians and complimented them on their fine showing. When the Oaklanders arrived here Wednesday night they were met by a big delegation of members of the Spokane Ad Club and prominent business men and city officials and escorted to one of the local hotels where an elaborate banquet was enjoyed. The visiting speakers landed this place and invited them to their city, the local speakers in turn thanked the Oaklanders for their visit and complimented them upon their enterprise. Following a breakfast as the guests of the Ad Club the visitors were taken on an automobile trip through the city and its environs and a luncheon was served at noon in the Chamber of Commerce. Accompanied by their wives, Fred Reed and George Colby left today for a trip to Glacier Park. The other members of the party will leave in a few days and will arrive in Oakland Sunday morning.

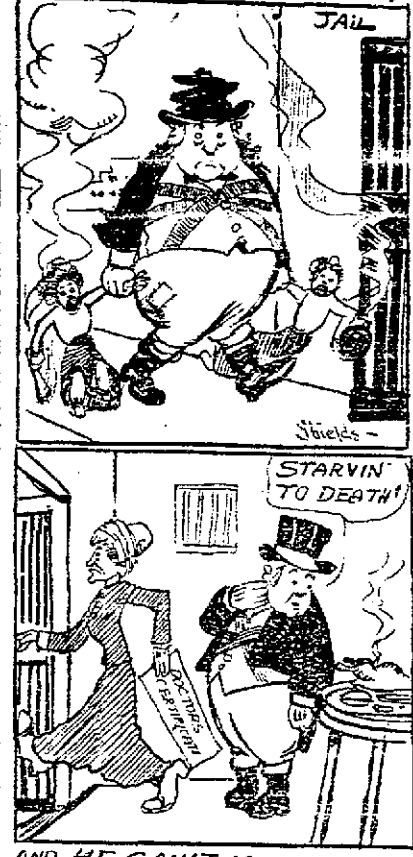

Husband Seeks Blood To Save Wife's Life

SAN FRANCISCO, June 20.—While Mrs. Rose Silver, the wife of I. Silver, a local resident, was lying unconscious and dangerously near to death at the Central Emergency hospital this morning, her husband was rushing about in a effort to get some one to give a quart of blood to save her. Silver claims she was the victim of an unfortunate accident. She started the instantaneous heater and believed she had lit the gas after turning on the stop cock. The fumes had failed to catch, however, and she was soon overcome. Other occupants of the house found her within 15 minutes with the choking gas and she was unconscious when discovered. She was first removed to the Park hospital and then taken to the Central Emergency. Dr. Fater advised the transfusion of blood as soon as possible. Mrs. Silver is about 39 years old.

Militant Suffragette Escapes in Male Attire

LONDON, June 20.—Miss Lillian Lenton, a militant suffragette who was convicted of having started the fire in the Kew Tea Garden pavilion and who has given the police much trouble, has escaped in man's clothes from the house where she was living in Leeds, pending the expiration of her license.

Postal Savings Now Aggregate \$35,000,000

WASHINGTON, June 20.—At present 7372 qualified banks are paying to the government 2 1/2 per cent interest on postal savings funds. New and simplified regulations under which such banks must qualify as depositories for postal savings funds now are being sent out by the postoffice department.

PEOPLES WATER CO. OFFERS ITS PLANT TO RICHMOND WILL SELL LOCAL SYSTEM IF WANTED

RICHMOND, June 20.—Informal notification that the Peoples Water Company is willing to sell its local distributing system and also its source of supply in this vicinity to the newly organized Richmond municipal water district was made known at the meeting of the commission last evening by Commissioner H. H. Curry.

Girl Kidnapers Are Sent To Prison for 25 Years

SALEM, Ill., June 20.—Frank Sullens and Ernest Harrison were found guilty of kidnaping Dorothy Holt last March. The jury fixed the penalty of each at 25 years in the penitentiary. The state had asked the death penalty. Dorothy Holt was kidnapped while she was going to her home. Sullens confessed he had kidnapped the girl and taken her to an abandoned mine where he was to turn her over to Harrison.

Teacher and Two Pupils Slain; Others Wounded

BREMEN, Germany, June 20.—A school teacher and two children were shot dead, another teacher and three children fatally wounded and three children less seriously hurt today by a former teacher named Schulz, who armed with a revolver, entered a school and started a fusillade among the children.

GIRL VICTIM OF WRECK KNOWN

Maid Who Lost Life in Train Collision Identified as Helen Bandy

Conductor Not Permitted to Talk of the Accident on Account of Condition

VALLEJO, Cal., June 20.—Developments today indicated that the little girl victim of the wreck yesterday of two electric trains on the San Francisco, Napa and Calistoga interurban line, in which 13 lost their lives and many were mangled, was Helen Bandy, 8 years old. She is supposed to have been traveling with F. H. Dayton, whose body lies at the local morgue.

Hold body of Helen Bandy, 8-year-old girl, and your father at the morgue. The telegram was sent from San Francisco and was signed "Attorney Fitzmaurice." Morris Fitzmaurice, a lawyer, was a victim of the wreck yesterday, who suffered a fractured rib and a bad scalp wound. He went to San Francisco for treatment.

Efforts to locate Melville Dayton so far have failed.

GIRL SEEN WITH DAYTON. Passengers on board the wrecked flyer and who came from San Francisco claim to have seen the little girl board the train at Vallejo with a man answering the description of F. H. Dayton.

While the death toll was not increased by any deaths today, several of those injured are in a critical condition and may not survive. Horace Richman, conductor of the wrecked flyer, was conscious this morning, but the doctors would not allow anybody to see him. There is a good chance for his recovery, it was said. Richman's testimony would be of the utmost value to the investigation being conducted by the district attorney into the cause of the accident.

OPERATE ON VICTIMS. At the Vallejo general hospital this morning surgeons operated on P. Montevideo for compound fractures of the right leg and the shoulder, and A. Silverman of San Francisco, who is suffering from concussion of the brain and a frontal fracture of the skull.

Mrs. A. Gale of San Francisco is in a very serious condition, and if she lives, probably will be paralyzed from the waist down.

A coroner's jury has been impaneled and will view the bodies of the dead this afternoon. Preparations have been made for the shipment of the bodies of Chris Koch and T. E. Josevski to San Francisco as soon as they are released by the coroner.

MANY AID IN RESCUE. Hardly had the noise of the terrific crash of the trains died away yesterday when a large number of men were seen on the street helping the injured.

Following threats to strike for a longer vacation, several demonstrations which were dealt with by summary discipline at the hands of the Oakland high school faculty, the schoolboys have decided to file a petition with the board of education before starting further trouble. Several meetings and a number of agitations have resulted in the presentation of a plea for a longer vacation, and several hundred students have signed the document.

The reduction of the midsummer vacation by almost a month, in the past to have the vacations fall at the same time that the fruit season commences, is the cause of the trouble. This, the students declare, cheats them out of two weeks' vacation, and weeks particular hardship on those of their number who earn money during the summer to put them through school.

Parents and teachers also have petitioned for a longer vacation. Several instructors state that the long school term has the same effect as overtraining to an athlete, and that scholarship has fallen off in the past week.

Yesterday at the high school a demonstration was held on the street. The boys all returned to their classrooms, despite threats of a student strike. The student self-government committee, under the leadership of Ellery Stone and Charles Adams, took an active hand in the demonstration.

SAYS PROVIDENCE SAVED HIM

DEATH RODE TWO SEATS AHEAD

Survivor of Wreck Has a Miraculous Escape From Being Crushed

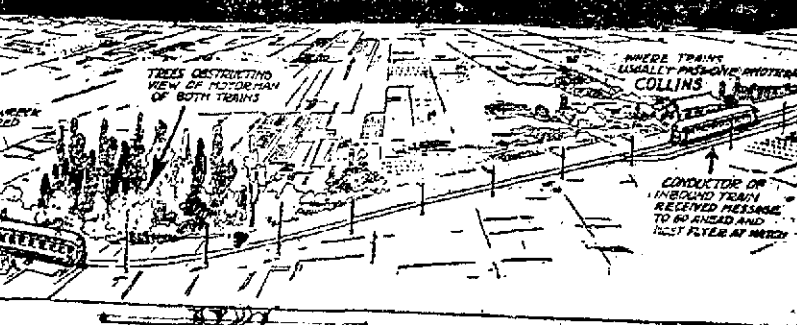

"My escape from that car of death," said C. A. Johnson, one of the Oakland passengers in the train wreck yesterday near Vallejo, "was made through the most awful confusion I have ever witnessed. My escape itself was miraculous."

I was about to enter the smoker when somehow or other my desire to smoke left me in an instant and I decided to wait until one or two more stations had been passed. I was going to seat myself in a front portion of the car when once again Providence guided me to a rear seat near the door of the train. If I had followed my own inclinations I would probably have been mangled; there was certainly some good influence beside me that guided my movements.

TWO CRASHES FOLLOW. "When the trains met a crash that was hollow and at the same time seemingly slight resulted, and I thought for the instant that we had hit a wagon or some animal that had wandered on the track. The first faint crunch was followed by a longer and louder one. Timbers began to groan and strain and at last I felt the whole car raise itself on end. I do not know what happened next; I think that I was struck a glancing blow by a falling timber, but when I did come to a full realization of what happened I found myself endeavoring to raise my body from the wreckage."

Oakland, San Francisco and the cities about the bay are being treated to a little warmer weather today. Moreover, there is a likelihood that the customary three days' hot spell is at hand, although Professor Alexander McAdie of the United States Weather Bureau declared that changes are very rapid hereabouts and that a shifting of the wind might bring the cold once more. At 5 o'clock

mercury began climbing higher and higher and the absence of a breeze tends to make the heat seem stronger than it really is.

Even with an average increase of 10 degrees in the temperature of the Pacific slope today, California was still one of the coolest sections of the country.

HARVARD CREW IS WINNER OVER YALE

Old Eli Loses the Three Events in Thames Boat Races

REGATTA COURSE, New London, June 20.—Harvard made a clean sweep of the Thames today, her varsity eight oared crew defeating Yale over a four-mile course by eight lengths. Earlier in the day the Harvard varsity four won from Yale and later the freshman eight oared event was also captured by the crew from Cambridge.

Harvard's varsity eight covered the course in 21 minutes and 42 seconds, while Yale went over the racing lane in 22 minutes and 20 seconds. Harvard led in the big race from start to finish and was never pressed. Fifty thousand people saw the two crews go over the course.

The contest started at 3:45 and both crews held an even stroke for the first half mile. Harvard put her stroke a full length to the fore within the first two minutes of the contest. Yale increased

her stroke was uneven and there was constant splashing of her blades and sharp distinction to the clean cut machine-like rowing of the Cambridge crew.

POSTOFFICE DEPT. TO PROBE

'You Are Next,' Message Mailed to Frederick I. Bamford

Police Guard Carnegie Building, in Which Incendiary Fire Was Set

DAGGER WARNS. "Prostitution is a necessary evil. You are next! BEWARE! The Dagger." (Second letter received at Public Library).

FOLLOWING the receipt of a letter demanding that all books on the white slavery question be removed from the Oakland free public library, and a fire started in an attempt to destroy the building, a second warning was received last night by the library officials.

Written on a piece of rough paper, in red ink, evidently by one attempting to give the impression of a man of little education, the new letter threatens Associate Librarian Frederick I. Bamford, to whom it is addressed, personally.

"You are next" is the warning carried in the latest document received at the library. It was mailed in Oakland, according to its postmark. Bamford will forward the letter to the postoffice authorities. A cordon of police will guard the library at night to prevent another attempt to fire the building.

The letter is written on rough bleached manila paper. The envelope in which it was enclosed is of rough manila stock. The address is roughly written in black ink. The letter itself is partly written and partly printed. A rough picture of a dagger is drawn over the signature. The letter was addressed:

"F. Bamford, Oakland Free Library—Important."

SIMILAR TO FIRST LETTER. The document is written somewhat in the same style as the first received, although not so legible.

Strike Riot Ends in Death of Carpenter

SPRINGFIELD, Ill., June 20.—In the busiest part of the downtown district last night strikers and non-union men engaged in a pitched battle. Albert Wilson of Springfield, a union carpenter, was stabbed to death. Will Foster, also a union carpenter, was stabbed in the breast but not seriously hurt. Oliver Frank, Springfield, and T. D. Crane and John Nelson, non-union men from St. Louis, were arrested and are held for the death of Wilson.

Silk Mill Workers Sentenced to Jail

PATERSON, N. J., June 20.—Thirty of the Industrial Workers of the World, who were convicted recently of unlawful assembly, were sentenced today to serve three months each at hard labor in the county jail. As soon as the sentences were imposed, the court suspended their induction, subject to the good conduct of the prisoners.

TELEPHONE STRIKE CAUSES RIOTS

Men and Girls Attempt to
Keep Strikebreakers
From Entering.

ST. LOUIS, June 20.—Three riot calls were sent out last night in connection with the local strike of the Bell Telephone company's operating. Destruction of telephone property continued and the company has offered rewards of \$250 for the arrest of each of the vandals.

The first violence occurred in front of the Tyler exchange about midnight. A crowd of 200 striking telephone girls and sympathizers attempted to prevent the strike breakers from entering taxicabs. Eight policemen and the company's guards rushed the crowd.

One of the strikers was knocked down and trampled upon. Later a riot call came from the home of another operator. A crowd of men and boys called her "scab." A policeman was detailed there for the rest of the night. Another disturbance occurred at the home of an

Train Hits Machine and Drags
Occupants; One May

PASADENA, June 20.—A spectacular accident in which a girl was probably fatally injured, another severely shocked, and a man suffered the fracture of both legs, occurred here late yesterday when a northbound Santa Fe train crashed into an automobile in which L. Wright, of Pasadena, and the Misses Hazel and Marie Morehouse, sisters of Whittier, were driving.

The motor car was demolished and Miss Marie Morehouse was probably fatally hurt when she was dragged for a great distance in a part of the automobile which caught on one of the drivers of the locomotive.

Her sister and Wright were picked up by the cow catcher and carried 1000 feet. They were prevented from falling by E. Hedden, the engineer, who climbed from the cab to the front of the engine and held them until the train could be stopped.

SUGAR IMPORT SHOWS DECREASE

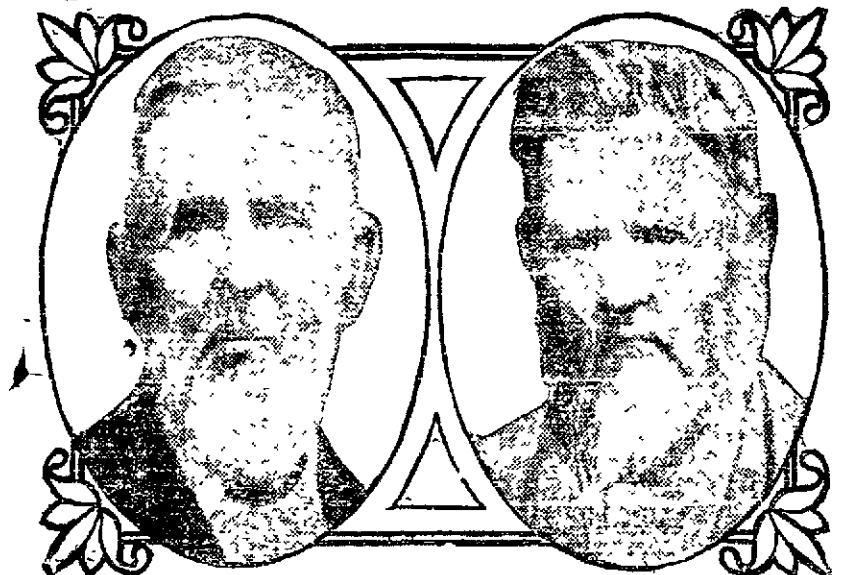

Official Report Shows Consumers' Saving of Twenty Million Dollars.

WASHINGTON, June 20.—Much less sugar at lower prices is being shipped into the United States from the Philippines, Hawaii and Porto Rico, this year than last, the bureau of foreign and domestic commerce has discovered. A report issued today shows that during the first ten months of the present fiscal year only 1,400,000 pounds of sugar came from the three territories, a decrease of 245,000,000 pounds from the same months last year.

Because of lower prices the imports this year are valued at \$49,583,000, which is \$18,667,000 below last year. The average price of the product from all three sources disclosed a decrease. The amount saved to the consumers of the United States totals nearly \$20,000,000.

PHILADELPHIA, June 20.—Mayor Blankenburg promised a party of school teachers from the Pacific coast yesterday to use his influence toward sending the Liberty Bell to the San Francisco exposition in 1915 so that the children of the West might see it.

Aged Brothers in Good Health

Mr. JOHN HENLEY, Sr., 84 years old, and Mr. WM. HENLEY, 85 years old. Mr. John Henley, Sr., in a recent letter said: "I have been using Duffy's Pure Malt Whiskey for the past 9 years and I have been enjoying good health. I am 84 years old and I cannot see too much in favor of Duffy's Pure Malt Whiskey, which is a good medicine."

Mr. Wm. Henley writes: "I take pleasure in recommending Duffy's Pure Malt Whiskey to all old people. I have been using it for 11 years. I am 85 years old and I find it a great blessing and I intend to use it as long as I live."

Duffy's Pure Malt Whiskey

The experience of both these men is similar to that of thousands of men and women who have been brought back to a state of health and vigor by using Duffy's Pure Malt Whiskey as directed. Many learn its great medicinal value first from their own family doctor. Others read the testimonials of those who are so grateful to Duffy's that they wish to aid fellow sufferers.

"Be sure you get DUFFY'S—It's reliable."

Sold in SEALED BOTTLES ONLY by most druggists, grocers and dealers, at \$1.00 a large bottle. Our advice and a valuable medical booklet on request.

WHARVES UNDER FEDERAL CONTROL

Docks Belonging to Rail
Carrier Subject to Act Reg-
ulating Commerce.

WASHINGTON, June 20.—"Wharves and the tracks leading thereto, owned by a rail carrier engaged in interstate commerce and used for receiving and delivering property by rail in interstate and foreign commerce are subject to the act to regulate commerce, and the regulations and practices affecting their use must be reasonable and non-discriminatory."

This broad principle was laid down yesterday by the Interstate Commerce Commission in its report of an investigation of the use of wharfe facilities at Pensacola, Fla. The report presented by Commissioner Marble contains general conclusions applicable to all interstate railroads, which own or control wharves at any port in the United States.

SOCIALISTS FINED FOR BLOCKADING STREET

KANSAS CITY, June 20.—The Rev. Thomas W. Green, pastor of the Bethany Congregational Church, St. Louis, and S. B. Davidson and Thomas R. Sullivan of Kansas City, members of the Socialist party, were fined \$500 each in Municipal Court here on charges of blockading the street while speaking at a curb Socialist meeting.

SURVIVOR OF 1861 CONGRESS IS DEAD

READING, Pa., June 20.—Major Syncham W. Ancona, 85 years old, believed to have been the last surviving member who served in the National House of Representatives of 1861, died here today. He was a Democrat and served in the 27th, 34th and 35th Congresses.

WEBB LIQUOR LAW IS NOT CRIMINAL

No Punishment in Case Liquor
Is Shipped Into Dry
States.

WASHINGTON, June 20.—The Webb law forbidding interstate shipments of liquor into "dry" states is not a criminal statute, violations of it cannot be prosecuted in United States courts. Attorney-General McPherson so declared in instructions sent yesterday to every United States attorney in the country. The law merely prohibits such interstate traffic and contains no penalty for infractions.

"Its purpose," said the attorney-general, "is to prevent state laws to operate in respect of intoxicating liquors moving in interstate commerce."

The law simply denies shippers of any privileges they might claim on the ground of interstate commerce and permits the application of state prohibition laws to interstate commerce in liquors.

TO COMMEMORATE PERRY'S VICTORY

Week's Celebration Will Take
Place At Erie, in
July.

WASHINGTON, June 20.—The celebration of Perry's victory on Lake Erie, beginning July 4, being regarded as essentially a naval event, the navy department is making special preparations to participate. Ensign George M. Lowry today was detached from the battleship Arkansas and assigned to the special duty of collecting and arranging for the public exhibition such relics and mementoes of the famous naval engagement as are within reach of the department. He proceeds at once to Erie, Pa., to carry on this work.

The ceremonies will begin at Put-in-Bay, July 4 with the laying of the cornerstone of a monument to the naval hero. To be followed by a week's celebration at Erie during which Secretary Daniels will deliver an address. The historic old brig Niagara—Commander Perry's flagship—raised from the bottom of the bay, will be the central feature of the celebration and on it will be placed the relics.

SAYS DATE GROWERS MUST "STAY ON JOB"

WASHINGTON, June 20.—Lest the investing public might be "roped in" by advertisements giving glowing accounts of the big profits to be derived from cultivation of the date, the department of agriculture today issued a note of warning that such claims are exaggerated and misleading.

The department has been conducting experiments in date cultivation in the arid regions of the southwest for years with some degree of success. The experts point out, however, that while date growing promises well, it is no scheme for a non-read or an absentee corporation to attempt, for being a special line of agriculture, the success must depend on the local conditions. The mere fact that a date is a good variety in its native soil, say the experts, is no guarantee that it will prove good under American cultivation.

LOCUSTS LEAVE KANSAS FOR PARTS UNKNOWN

KANSAS CITY, Mo., June 20.—The threatened plague of "seventeen-year locusts," in this vicinity at least, has ended. Three weeks ago the woods about Kansas City fairly swarmed with the locusts. Now they have disappeared almost entirely, having caused little, if any, damage.

At Fairmount Park, where their number seemed sufficient to destroy all vegetation, there is scarcely a trace of damage.

DIVIDEND DECLARED.

ASTOR NEWSPAPER CRITICISES DR. AKED

LONDON, June 20.—Much sarcasm is being indulged in by newspaper writers here over Dr. Aked's recent statement that he had decided to become a naturalized American citizen because of his long connection with the kings.

The Pall Mall Gazette, of Waldorf Astor ownership, says:

"In these circumstances he could not possibly have made a more unfortunate choice, for it is notorious that there is no nation under heaven which sets a higher value on royalty than the United States."

LAUNCH CAPSIZES; FOUR ARE DROWNED

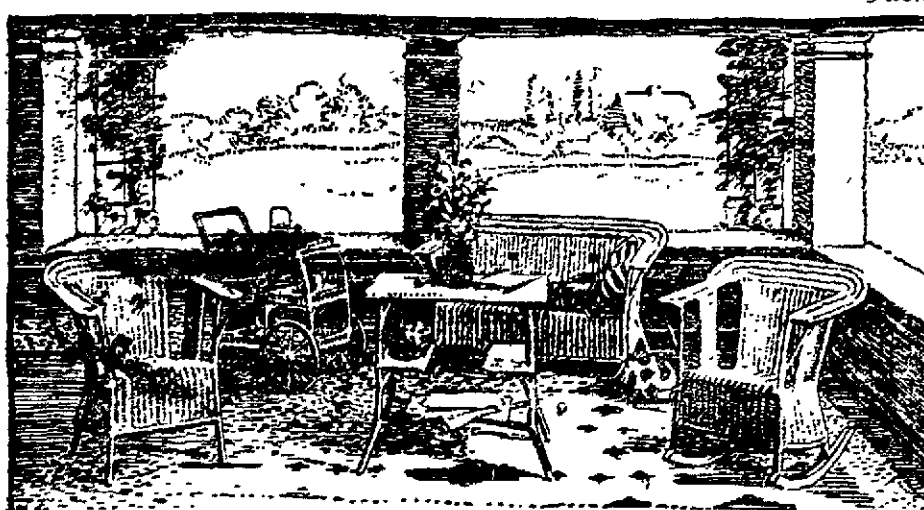

CHICAGO, June 20.—The capsizing of a gasoline launch which caught in a bridge in the Chicago river, at Twelfth street, and attempts to rescue the occupants of the craft resulted in the drowning of four persons, including a policeman, yesterday.

The drowned: ARTHUR HERBERT, MRS. MARY HERBERT, his wife, GEORGE BREW, a switchman, who went to the rescue.

The annual picnic of the San Francisco Retail Grocers' association was held at San Mound park yesterday and attracted a crowd estimated at 2,000. The day was a success in every way.

Fun was indulged in throughout the afternoon and early evening, and a series of athletic contests was run off at the race track. "Fat" Larue, who weighs 250 pounds, was the sensation of the day, winning the race for traveling salesmen in a flash. Mrs. E. Ryder was first in the race for all ladies.

President E. A. Lackmann and his associates were present for the crowd in the grounds. W. E. Larue, who acted as floor manager at the dance, following are the prize winners in the foot races: 1st, under 100 lbs., Landresse, first; 2nd, Wood, second; James Castle, third; 1st, under 125 lbs., Ehes, first; 2nd, under 150 lbs., Ehes, first; 3rd, under 175 lbs., Ehes, first; 4th, under 200 lbs., Ehes, first; 5th, under 225 lbs., Ehes, first; 6th, under 250 lbs., Ehes, first.

EXPORTS FAVOR MANUFACTURER

Bureau Figures Show Ten Times the Increase of Agriculture.

WASHINGTON, June 20.—Manufacturers' exports from the United States have increased in the last 32 years more than ten times as rapidly as the agricultural products. The value of farm products exported in 1911 was \$1,200,000,000, an increase of more than 800 per cent from the year 1880 to 1911.

S. P. OFFICIAL FROWNS ON TAXICAB RATES

SAN FRANCISCO, June 20.—Considerable interest was created about the offices of the Board of Supervisors yesterday by the receipt of a letter from General Manager W. R. Scott of the local division of the Southern Pacific Company, complaining of an overcharge repeated upon him recently by a driver of a car belonging to a taxicab company.

HYDE LAND CASE IS DECIDED FOR CLAIMANT

SEATTLE, June 20.—The first four cases of the group known as the Hyde cases, involving title to 640 acres, and which it is asserted may be regarded as a precedent for the disposal of over 100,000 acres of valuable lands to the rightful owners in the northwest were decided yesterday by Judge John C. Denry, of the General Land Office, in favor of the claimants.

FICTITIOUS PRESIDENT

ELLERSBURG, W.-Va. June 20.—Mrs. J. S. McKee of Houlman was elected president of the State Federation of Women's Clubs here yesterday, polling 188 votes to 88 cast for Mrs. Frederick Keister of Tacoma.

MANY SIGN APPEAL FOR BURKE'S RELEASE

SANTA ROSA, June 20.—A petition signed by 15,000 representative people, men and women of the state and counties of California, appealing for the release of Dr. W. P. Burke, has been forwarded to Governor Johnson at Sacramento. A special messenger took the petition from this city to Sacramento in a special delivery. This is the first of a number of other petitions that are to be poured in on the governor. Seven out of the ten jurors convicting Dr. Burke are among the signers. Two of the other jurors are dead and one of them is in the east. Luetia Smith, the victim of the explosion in the tent house at the Burke Sanatorium for which Dr. Burke was convicted, is so sad to have written a personal appeal to the governor in Burke's behalf.

PRESS ASSOCIATION CLOSING CONVENTION

COLORADO SPRINGS, June 20.—The convention of the National Press Association closed here yesterday with the election of officers for the coming year. The meeting place was left to the national council which is said to favor Houston, Texas. The officers elected follow: President—J. Clyde Oswald, editor American Printer, New York. Vice-President—George E. Hosmer, editor of the Denver Post, Denver. Secretary—George Schloesser, editor Daily Press, Sioux Falls, South Dakota. Treasurer—W. R. Hodges, editor Herald-Dispatch, St. Paul, Minnesota. The executive committee was elected as follows: W. E. Collins, New York; S. W. Bondre, Texas; W. C. Hotelling, Michigan; Frank Rogers, Illinois; F. O. Edgecomb, New York; H. H. Thompson, New York.

Panama Railroad to Be Kept Running

WASHINGTON, June 20.—Army and navy officers composing the board of directors of the Panama railroad, met with Secretary Garrison at the navy department yesterday and decided to keep the Panama railroad in operation after the opening of the canal, at least until it has been demonstrated whether the line can be operated profitably. The decision carries with it the continuance of the steamship line between New York and Colon as a necessary part of the canal system. Secretary Garrison believes that even if cargo ships are not put on the line, freight or passenger carriers they can be used as tollers.

TALKS ON MILK

Dr. T. C. McCleave Speaker
At Session of American
Medical Association.

MINNEAPOLIS, June 20.—With only three sections in session, the sixty-fourth annual convention of the American Medical Association practically came to a close today.

At a joint session of the section on Diseases of children, with the American Association of Medical Milk Commissioners pleas were made for pure milk, especially for children.

Dr. T. C. McCleave of Berkeley, Cal., discussed the common misconception of certified milk and the origin and development of the institution. He gave a history of the American Association of Medical Milk Commissioners for the work that is being carried on to obtain for the consumer a more pure supply. Discussions of purely technical questions were made by Dr. J. J. Hogan of San Francisco and others.

FREMONT HIGH IN FAREWELL DANCE

Sophomores Give Seniors Annual Reception in School Auditorium.

The sophomore class of the Fremont high school gave its annual farewell reception to the senior class in the school auditorium last night. The president of the sophomore class acted as toastmaster. During a 12 o'clock reception, followed by toasts and responses were a part of the evening's program. The entire faculty of the school was present and prominent among the speakers were Principal Frank S. Rosseter, Miss Rice, class teacher of the sophomore class, and J. J. O'Connell, senior class teacher, and William Young, president of the senior class. Fifty-eight students will receive their diplomas in the school auditorium at the commencement exercises on the evening of June 27. State Railroad Commissioner Max Thayer will address the graduating class.

The farewell senior class dance will take place the evening following the commencement exercises and the annual alumni meeting will be held Tuesday evening.

OAKLAND SEEKS AID IN FIGHT FOR CONVENTION

The board of education has issued the following circular letter to the city and county school boards throughout the entire state:

"At the next session of the National Educational Association at Salt Lake City, Utah, July 5 to 11, 1912, Mr. James A. Baird, chief of the Department of Education of the Panama Pacific Exposition will extend an invitation to the association to meet in Oakland in 1912. The association will also be requested to invite foreign countries to participate in an international congress of education to be held in conjunction with this meeting as was done at the exposition in Chicago in 1893 and in St. Louis in 1904.

We want your co-operation in obtaining these conventions for this state and we believe you can render no greater service to the undertaking than by sending your superintendent to Salt Lake City. For several years past the board of education of the city of Oakland has paid from the school funds the expenses of the superintendent in attending state and national conventions, in the belief that these expenditures have been a valuable investment for the schools.

We should be glad to have your superintendent join the California delegation which will leave for Salt Lake City on July 3.

NEW LAWS CALL FOR MORE ROADS

Huge Sum is Set Aside for Construction of New Highways.

SACRAMENTO, June 20.—Under laws which will take effect in August, there will be an appropriation of \$10,000,000 for the construction and maintenance of highways, other than those included in the \$15,000,000 State highway project.

The most important appropriation amounting to \$70,000, will be expended under the direction of State Engineer McClure, for a road from Saratoga Gap to Lake Tahoe.

Where the estimates exceed \$50,000, the proposition must first be voted on by the people of the county. In either case, the project must be approved by the State Engineering Advisory Board.

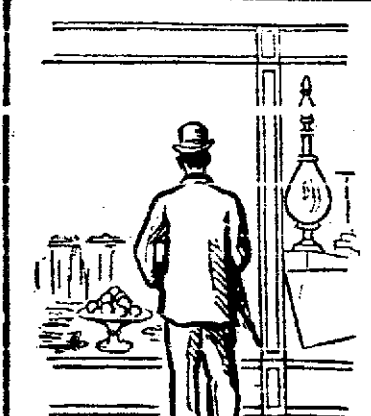

It will probably be some time before the act is put in operation, but it provides a basis for supplementing the routes being built by the State Highway Commission.

The construction of the State Highway system will be accelerated by an act whereby the counties may share jointly in the construction of bridges on a state route.

By the act, the State Highway Commission will be authorized to acquire and construct bridges on the State Highway system.

The completion of this route will reduce the distance from Sacramento to Oakland and San Francisco by more than 30 miles.

WANT NEW PRISON. June 20.—In a presentment handed down yesterday by the Westchester county grand jury, a recommendation was made that Sing Sing prison be abandoned and a new state institution built. The presentment denounces the cells at Sing Sing as unfit for the confinement of human beings and the general situation at the prison as "a scandal to the state."

Nothing takes the joy out of life like a weak stomach. Would you like to be able to enjoy the good things that God has made? Then take Dr. Williams' Pink Pills for a short time and notice the difference in your stomach.

These pills go deeper than a remedy that acts on the stomach alone. They get at the real cause, which is impure blood. They make it red and healthy. Where once the sight of food was nauseating, you will have a good appetite and be able to eat without distress.

Dr. Williams' Pink Pills are sold by all druggists at 50c per box or six boxes for \$2.50 or they will be sent by mail, postpaid, upon receipt of price. Our diet book is free.

OLD CITY HALL TO BE AUCTIONED

Will Be Knocked Down at Public Sale Tomorrow at 10 a. m.

The old city hall, which has housed the city of Oakland for the past 30 years, will be knocked down at public auction tomorrow morning at 10 o'clock. The old structure will be put under the hammer by City Clerk E. M. Smith, assisted by Edward Myself, of the firm of Myself and Myself, auctioneers, who have volunteered his services to "bank" for Smith.

The ceremony of selling the old shack will be conducted on the front steps of the old building and will be attended by a joyous company of Washington street merchants, who have long desired the removal of the obstruction to the opening of Washington street north into San Pablo avenue.

Conditions of the auction specify that the old city hall must be torn down and removed from the site in 30 days. As soon as the work has commenced, proceedings will be instituted for the improvement of Washington street, and an effort will be made to induce the San Francisco-Oakland Terminal railway to accept some sort of a franchise across the strip of land to make possible the running of cars from San Pablo avenue down Washington, thus facilitating traffic and removing the congestion from Broadway.

The auction tomorrow morning will be attended by the city commissioners as well as other officials. The structure contains about 3000 feet of good lumber, windows, fixtures, brick and the basement is made of granite. The stone work will probably have to be blasted away to clear some of the franchise.

The prisoners have not yet been removed from the old city hall in the basement of the building, but this will be done tomorrow or Sunday.

ALLEGED DYNAMITE. SAN JOSE, June 20. The preliminary examinations of Walter Thomas and Joseph Giovanni, accused of having attempted to dynamite and saw, to destroy the Pacific Gas and Electric Company's main gas line, are being held today.

ALIEN NON-RESIDENTS CANNOT INHERIT LAND

LINCOLN, Neb., June 20.—That non-resident alien heirs of citizens of Nebraska cannot inherit title to land owned by a citizen of this state, was the substance of an opinion by Judge Munger of the Federal Court, filed in the office of the clerk of the court today.

William Troops, against the Ulysses Land Company.

The case was brought by the Troops to recover title to land owned by their uncle, who was a resident of Nebraska and died in 1888 without issue. The heirs were residents of Great Britain.

In giving his opinion, Judge Munger stated that the treaty between the United States and Great Britain did not need to be considered, for the treaty was not ratified until after the death of the uncle and had no retroactive effect.

ENGINEERS' UNION GIVES BANQUET

Annual Dinner and Entertain-
ment Preceded by Election
of Officers.

Stationary Engineers' Union, No. 507,
gave their annual banquet and entertain-
ment last evening at Castle hall.
Twelfth and Franklin streets. The
musical program was furnished by Pro-
fessor G. G. Gellar, Miss Viola Stout and
Miss Toie.

The election of officers for the ensu-
ing year was unanimous. Those elected
to office were: President, W. J. Joseph;
vice-president, E. Peters; recording
secretary, N. G. Lindgren; re-
sults, financial secretary, J. A. Dobbs;
treasurer, J. A. Dobbs; and J. A. Dobbs,
A. M. Perera, J. B. Howard, trustees.
William M. Monroe, E. N. Chaumette,
E. Squires, delegates to Building Trades
Council, A. M. Perera, guard, A. R.
Cowan; examining board, J. A. Dobbs,
E. N. Chaumette, W. B. Joseph and A.
von Munch.

President William B. Joseph, chief
engineer of the Union Savings Bank, was
presented by the members with a costly
gold watch and chain, on which was en-
graved the emblem of the organization.
The presentation speech was made by
Phil Ennor of Stationary Engineers, No.
64, of San Francisco.

Other officers of that local were also
present.

Preliminary steps were taken for the
organization of a ladies' auxiliary, com-
posed of relatives of the members. This
will be formed in the near future.

Local 507 has nearly 200 members and
is one of the largest and most influen-
tial in Alameda county, nearly every
stationary engineer in this locality be-
ing a member of this local.

ing next year.

**IN TORTURE WITH
RASH ALL THE TIME**

Itched so Could Not Sleep. Burned
Like Fire. Arms and Legs Raw
as Beef. Cuticura Soap and Cuti-
cure Ointment Cured.

City Indisrmy, Hartwell, Ohio.—"Three
years ago a rash broke out on both arms
from the wrist to the elbows. The rash was
not larger than pin-points and
watery. It itched so badly I could not sleep and
I scratched my arms till they were raw. Then it
broke out on my face and the
calves of my legs. It itched so badly and burned
like fire. I would scratch myself till I bled. I was in
torture all the time. It made me sick and I
began to lose flesh. My arms and legs were
raw as beef.

"I tried every remedy I heard of or read
of but it was no use what I took or used till
I commenced to use Cuticura Soap and
Ointment. From the start I felt relief. I
first washed with Cuticura Soap and
then applied the Cuticura Ointment, wrap-
ping my arms and legs with bandages. My
rash healed up and in nine weeks from the
time I commenced to use Cuticura Soap and
Ointment I was completely cured." (Signed)
John W. Ogden, Aug. 27, 1932.

Cuticura Soap and Ointment do so much
for psoriasis, blackheads, red, rough skin,
eczema, scaly scalp, dandruff, dry, itchy and
failing hair, chapped hands and chapped
nails with painful finger-ends, that it is
almost criminal not to use them. Sold
throughout the world. Liberal sample of
each mailed free, with 25-c. Skin Book. Ad-
dress post-card "Cuticura, Dept. T, Boston."

50c. Bottle and Ointment, 25c. Sample free.

Kenneth Millican, second lieutenant of
the Royal Oaks and ranking officer of
the organization during the absence of
the captain and first lieutenant, has
issued orders to the members at present
in the city requiring full uniform to be
worn at the dinner to be given their
returning comrades on June 24. The
so much attention at the Portland Rose
Festival, will also be in attendance, the
first of order being the Oakland Com-
mercial Club's new managing director,
Joseph E. Cain.

PUBLIC SERVICE RATES CUT DOWN

Berkeley City Council Trims
Water Rates and Dis-
cusses Light Rates.

BERKELEY, June 20.—Public service
corporations received rough handling at
the hands of the city council today when
\$600 was knocked off the income of the
Peoples Water Company, and Mayor J.
Stitt Wilson presented a recommendation
in the first place that the city acquire
the electric lighting company's plant, and
in the second place, regarding this, that it
make material reductions on the charges
the company is allowed to make. Regarding
the water rate, the council received the
ordinance passed last Tuesday. De-
spite the strenuous objection of C. B. Ma-
loney, manager of the company for the
Berkeley division, it passed to print a
new ordinance which left out the former
clause allowing the company to charge for
tapping mains connecting service.
According to Maloney, this will reduce
the income of the water company by
\$6118. His plea that another provision be
made to balance this law was not con-
sidered by the council. Regarding the
electric rate to be fixed for the service,
Mayor Wilson's recommendation to the
council included the following para-
graphs:

"I herewith present to you an argument
to show that the rate of compensation for
electric light or power in the city of
Berkeley should be reduced from 7 cents
per kilowatt for electric lights to 6 cents
and from 5 cents per kilowatt for electric
powers to 3 cents per kilowatt with a
sliding scale accordingly, and a com-
mercial rate of 4 cents with a sliding scale,
and a cooking rate low enough to place
the service in the reach of the average
patron."

ALIMONY DAY IN ALIMONY DAY IN GRAHAM'S COURT

Delinquent ex-Husbands Are
Ordered to Pay Up With
Promptness.

SAN FRANCISCO, June 20.—Today was
alimony day with Superior Judge Gra-
ham. Several husbands had failed to pay
up and the court proceeded to take sum-
mary measures.

Bert Le Baron had been paying his \$20
a month to his first wife, all right, but
recently had inherited a \$40,000 estate
from his father, Harrison Le Baron, a
former Santa Rosa banker. His wife
consequently wanted \$15 per month. Le
Baron explained that he was married
again, but nevertheless the court granted
the increase.

Casius Dutcher of the United States
Tire Company has not paid his monthly
stipend to Mrs. Grace Dutcher, sending
her a message which expressed contempt
for her and the court. An attachment
was issued against him.

Dr. C. W. Kahl was in court for having
failed to pay his wife Isabella accumulated
alimony to the amount of \$1000. The
physician said he was suffering from
neurasthenia and could not earn enough
to pay her support. He was ordered to
pay her \$30 by Friday.

RETIRED MERCHANT IS LAID TO REST

The funeral of William Knapp, the re-
tired merchant who died at San Fran-
cisco last, was held from the funeral parlors
of Ernest A. Wollitz yesterday afternoon.
The Rev. William Nat Friend, pastor of the
Howard Presbyterian church of San Fran-
cisco, conducted the services. At the
express desire of the deceased the
services were strictly private. Knapp
died after a very brief illness from
pneumonia.

WOULD CONDEMN LAND TO EXTEND AVENUE

For the purpose of extending Nine-
teenth avenue southward to the United
States boulevard line of 1588 along the
estuary, the City of Oakland filed suit
today for condemnation of property south
of Twelfth street. The defendants to
the action are the firm of Hodge and
Collins which conducts a lumber yard in
that vicinity.

MISS B. FORD TO WED GROOM WELL KNOWN

MISS BESSIE FORD.

SAN LEANDRO, June 20.—A pretty
wedding will take place in Alameda next
Sunday, the bride being Miss Bessie Ford,
daughter of Mr. and Mrs. N. O. Ford of
Oakland, and the bridegroom, Robert
Woodward, son of William N. Woodward Jr.
of San Leandro. Woodward is clerk at
the County Infirmary and after a home-
schoon trip to Los Angeles the couple
will reside in San Leandro. Rev. W.
Woodward, father of the bridegroom, will
perform the ceremony at 2 o'clock at the
office of Mr. and Mrs. N. O. Ford, and a large
number of guests have been invited to the
ceremony.

Killed While Trying Out Racing Machine

EVREUX, France, June 20.—The Italian
automobile, Zuccarelli was killed out-
right yesterday and his mechanic Fan-
nelli, was mortally injured while they
were trying out a machine for the French
Auto club grand prix contest in July.

The accident occurred at Marciilly, 15
miles from here. Zuccarelli was speeding at
100 miles an hour when a horse and
cart emerged from a sunken road. The
automobile drove right through the ob-
stacle but was overturned, pinning the
occupants beneath.

NO CHARGE FOR BOARD WALK, IS ANNOUNCED

SANTA CRUZ, June 20.—A rumor has
been circulated that there would be an
admission charge to the Board Walk,
and Casino this summer, the Beach Com-
pany has announced that there will be
no such charge made. The com-
pany this year are bigger and better
than ever, and all of them are now run-
ning full blast.

The seventh annual grand opening din-
ner and ball will take place Saturday,
June 23. The largest number of reser-
vations in the history of Santa Cruz has
been made. Everything so far points to
the most successful year in the Atlantic
city of the Pacific coast.

Cincinnati Begins To Distribute Ice

CINCINNATI, O., June 20.—The city of
Cincinnati went into the ice business to-
day when it established depots at all of
the fire engine houses of the city where
families were supplied who could not ob-
tain ice from their regular dealers on ac-
count of the strike of ice wagon drivers.
The action of the engineers in going on
strike resulted in the closing down of a
number of plants and a further curtail-
ment of the ice supply.
Many of the smaller ice companies and
individual dealers have acceded to the de-
mands of the union and are supplying ice
to the hospitals and charitable institu-
tions. Nearby cities have been asked to
ship ice to Cincinnati.

GOVERNMENT MODIFIES DRASTIC MEAT ORDER

SAN FRANCISCO, June 20.—Following
the combined protest of the independent
meat dealers and the Oceanside and Union
Sausage Companies of this city against
the proposed inspection of each piece of
frozen meat when landed upon the
wharves, the Department of Agriculture
at Washington has decided to modify the
order forwarded to the local inspectors.
According to the instructions received
yesterday, the inspectors will make
sample inspections only. Several pieces
of meat will be removed and examined
from each cooling room of a ship, the
pieces to be selected at random.

SHASTA GIRL IS BRIDE OF HOLMES

Wedding of Zetta Griffiths and Cerbert Holmes Comes as Surprise.

The marriage of Miss Zetta Griffiths of Shasta and Cerbert C. Holmes, assistant manager of the H. C. Capwell Company took place last Monday at the home of the bride's aunt, Mrs. T. Peters, on Chicago avenue. In the presence of a few close friends and relatives Rev. Frank L. Goodspeed, pastor of the First Presbyterian church of this city, read the service. The ceremony was a surprise to the many acquaintances as there was no formal announcement of the betrothal.

In a smart blue tailor suit and a stunning white hat with white plumes, she carried a shower bouquet of Cecil Dreuer roses.

GET LICENSE FOR SOCIETY WEDDING

Miss Janet Painter and Dr. P. Bliss at Marriage Permit Counter.

Miss Janet Dalton Painter, a society girl of Alameda, paid a visit to the county clerk's office this morning, accompanied by her fiancé, Dr. Philip P. Bliss of Santa Cruz. The couple took out a marriage license. They will be married next Monday evening in Christ Church, Alameda. On a former appearance at the hall of records Miss Painter transacted business in connection with the estate of her grandmother. When she started to leave she discovered that her suitcase was missing. One standing nearby proved to contain an assortment of overalls, shoes, razor strap and other paraphernalia belonging to the opposite sex, while the missing suitcase was laden with costly laces, silks and lingerie, recently brought from foreign countries by the young woman.

Jury Awards \$10,000 For Wounded Heart

ATCHISON, Kan., June 20.—A jury here yesterday afternoon returned a verdict of \$10,000 damages in favor of Miss Mary Falk, who sued William Burke, a wealthy Horton farmer, for breach of promise. Miss Falk asked for \$25,000 because Burke failed to appear at a Purcell church for the wedding ceremony. Throughout the trial Burke protested his willingness to marry the girl and declared his failure to appear on the wedding day was due to his inability to secure his mother's signature to his baptismal certificate, which was demanded by the priest who was to perform the ceremony.

FURNITURE LOANED, SO OWNER BRINGS SUIT

SAN FRANCISCO, June 20.—Mrs. Gertrude S. Wagner, who is the wife of the president of the Vulcan Powder Company, of New Jersey, has filed suit against the Illinois Furniture company to recover \$3000. Her attorney, Charles L. Sullivan, says that in 1908 she borrowed \$110 on her furniture and later turned it over to the Illinois company giving them permission to store it. When she went to recover it, Sullivan asserts, she found it was being used by a local hotel.

OLD RESIDENT OF OAKLAND PASSES

Mrs. Caroline Knapp, Aged 85, Succumbs to Infirmities of Years.

Mrs. Caroline Knapp, one of Oakland's oldest residents, passed away yesterday morning at an early hour at her home, 1732 Webster street. Her death was due to infirmities of old age. The deceased woman was born in Oldtown, Me., and was 85 years of age. It was there that she was married to S. Knapp, who came to California in 1849. In 1852 she joined her husband in the West, coming to this state by way of Panama. Mrs. Knapp was a prominent church worker in this city, having served as president of the Band of Hope Temperance Society for many years under the pastorate of Rev. Charles Eells. She is survived by one daughter, Mrs. C. K. Louderback, and three sons, Edwin, Samuel and Arthur Knapp, all resident in the bay area.

Funeral services will be held from the late residence of the decedent tomorrow morning. Services will be conducted by Rev. Frank L. Goodspeed, pastor of the First Presbyterian church.

GAY NIGHT LIFE IS BASIS IN DIVORCE SUIT

That his wife was accustomed to visiting cafes in company with other men was the basis of a divorce suit filed yesterday by Hazel Call, who was married today. The couple were married October 12, 1912, and resided at 851 Thirty-third street.

Alleging that J. E. Taanhill had been constantly under the influence of liquor for the past two years, Edna Taanhill filed today for a divorce. The couple were married in 1901.

WILSON TO GIVE CURRENCY MEASURE TO CONGRESS MONDAY

MONEY BILL IS MADE PUBLIC

Wilson Administration Remedy for Panics Absorbs Interest of Congress

Establishes Twelve Reserve Districts With Federal Banks and Provides Elasticity

WASHINGTON, June 20.—Congress turned its eyes away from the tariff today and scrutinized the administration's currency bill. While the measure will not be introduced in both houses until next week, the measure's draft brought about informal discussion by which President Wilson and Democratic leaders hoped to develop harmony when the bill is launched for debate and amendment. While it has been known for some time that the framework of the measure—Secretary McAdoo, Senator Owen, Representative Glass and the President—contemplated establishing 12 regional reserve banks, interest centered today in the powers of supervision to be exercised by the federal reserve board of nine members over the reserve banks.

The underlying idea of the framers has been to effect an easy and unobtrusive change from the banking system by using the machinery now in existence. The bill is expected to be the subject of liberal amendment, even by its authors. Provision for a federal reserve fund, by which \$100,000,000 of national bank notes now are secured so as to provide against depreciation, would be one of the foremost problems.

The provision for note issues, administration supporters hope, will not be changed. It is said to be the result of a careful canvass, not only of prominent bankers, but businessmen who thought it practicable and sound.

HOW IT WORKS.

The operation of the plan is explained in this way: Whenever a state or national bank desires to obtain currency, it applies first to the federal reserve bank in its region, accompanying its application with a tender of collateral security. The security thus offered must be under rules laid down by the federal reserve board which may issue up to \$500,000,000 in notes.

The federal reserve banks must hold 25-33 per cent in gold of the amount of notes advanced. The notes also become a first and permanent lien on all the assets of the federal reserve banks.

The element of elasticity is obtained, according to administration officials, in the making of an interest charge on the note issue. This rate is to be established by the federal reserve board with due regard to the prevailing rate of interest.

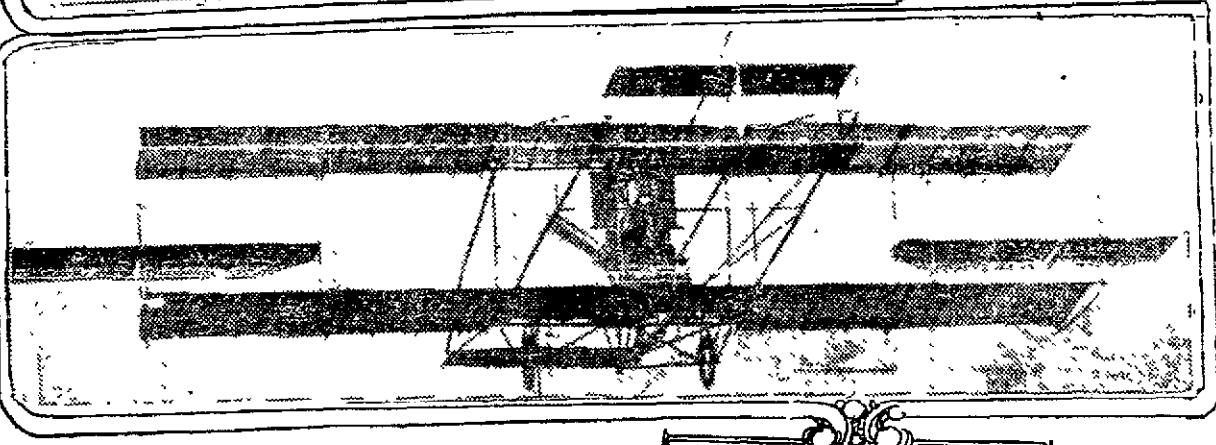

It is calculated that a fall in the demand for money accompanied by a decline in the market rate of interest would furnish an incentive for the retirement of the treasury notes.

In permitting the federal reserve board to direct the transfer of funds among federal reserve banks, the board may, at its own discretion, act as a clearing house for the reserve banks and can require the federal reserve banks in turn to act as clearing houses for shareholders.

REDISCOUNTING FEATURE.

Attention was centered today in the rediscounting feature as one of the fundamentals on which the entire plan is based. The power of the regional reserve bank is specifically broadened

AVIATOR COOKE DESCRIBES HIS FALL OAKLAND BIRDMAN TO TRY AGAIN

WELDON B. COOKE, OAKLAND AVIATOR, WHO ESCAPED DEATH YESTERDAY WHEN HE PLUNGED INTO EUCLID LAKE AT CLEVELAND. THIS PICTURE WAS TAKEN WHEN COOKE STARTED ON HIS FLIGHT FOR A PILOT'S LICENSE, AT LAKE MERRITT, LAST YEAR.

CLEVELAND, Ohio, June 20.—Fully recovered, and none the worse from his thrilling experience, Weldon B. Cooke, aviator, whose hydroplane yesterday plunged into Euclid lake, today told a remarkable story of his experience. He was unable to account for the sudden upset of his plane, which occurred as he was making a turn. His only theory is that the steering gear must have gone wrong.

of the lake to see the aviator, and several women nearly fainted when the flying machine hit the water. Life savers rushed to the spot where the machine sank, and searched for the aviator for nearly 10 minutes before he was finally found clinging to a pontoon of the ship, and hidden by a piece of one of the wings.

It was a peculiar sensation," declared Cooke, at the hospital "I started to make the turn, and suddenly felt the machine stall, pivot and then give way under me. The next thing I knew, the water had closed about me. I hung onto the pontoon, knowing this would

keep afloat, and presently the life savers came and brought me to shore. I was pretty well chilled and shaken up, but it was rather sudden. But outside of that I don't feel any the worse. I will try it again as soon as I get the machine repaired. I understand it is in a good shape, but I guess it can be fixed. The engine cannot be hurt much."

Cooke came here from Oakland, California, where he made a remarkable record as an aviator. During the aviation meet of February, 1912, when Larry Beachy and Blanche Scott appeared at the Oakland race track, he "knocked Beachy to a flight. Later he came into the field from Melrose, a suburb of Oakland. He obtained his license as an aviator after a test of his skill made on Lake Merritt, in Oakland, and later came east. He has flown in several large cities. He is the son of Rev. W. H. Cooke of Oakland.

Cooke declares that he tried, before the machine hit the water, to grab his name, but was not successful in the attempt. One of the planes may have become strained, he declared, with the sudden turn and its consequent strain. He will endeavor to find out the cause of the trouble, the exact cause and the difficulty before making another flight.

NEW YORK, June 20.—An extraordinary case of human affliction was entered on the police records of the city last night, when a poorly dressed man, about 65 years old, found seated on a Washington Heights doorstep and taken to a hospital, was discovered by the physicians there to be deaf, dumb, blind, a cripple and insane.

It was introduced in the House and Senate after President Wilson has delivered in person his address to Congress on Monday.

An outline of the measure prepared by Mr. Glass states that it will be gone over in detail for alterations, and sets out that its purpose is to accomplish three principal objects:

1. Provision of a means for rediscounting commercial paper of specified types.

2. A basis for elastic notes properly safeguarded.

3. Machinery for doing foreign banking business.

BLAMES DRINK FOR MURDER OF WIFE

F. I. Heney Wife, Slaver, Sake Out Commission in City Prison Cell.

Appears At Police Court and Case is Continued Until Saturday.

SAN FRANCISCO, June 20.—F. I. Heney, one of the best known men in the world and a murderer, was today in the city prison cell, awaiting trial for the murder of his wife.

This was the statement which Heney made today while making his confession in a cell at the city prison this morning when he was taken there by his wife's bodyguard. The statement was taken to death with a base ball bat.

Heney, who is a punter, appeared at the police court this morning and his case was continued until Saturday. Following the murder he was taken to the city prison and was held in the city prison until he was taken to the city prison.

"If I hadn't been drinking, it never would have happened," he said to Detective Street this morning. "It is all the booze that did it."

Heney's three children, Edward, aged 11, John, aged 9, and William, aged 6, were taken to the city prison and were held in the city prison until they were taken to the city prison.

The case of Heney was taken to the city prison and was held in the city prison until he was taken to the city prison.

REBELS DEFEATED IN ORTIZ BATTLE

DOUGLAS, Ariz., June 20.—Reports emanating from Mexican federal sources on the American side of the line stated today that General Pedro Ortiz, with his army of 2000, had beaten the Constitutionalists in a general battle at Ortiz and that the rebels under Obregon were retreating toward Hermosillo and tearing up the railroad tracks as they went.

PERKINS TELLS MORE TRUST SECRETS

Chidee Government Attorney for Ignorance in Making "Deals."

Reveals Own Wisdom on the Organization of Harvester Combine.

CHICAGO, June 20.—The late J. P. Morgan, viewed it from the witness stand in the federal court today, that the government attorney for the government, knows but little of "deals."

The particular "deal" in question was incidental to the formation of the International Harvester Company (a project which was later carried out with the McCormick, Deering, Plano, Osborne and Milwaukee Harvester companies. Mr. Perkins under cross-examination by Attorney Grosvenor, stood by his testimony that these concerns were under consideration, but not these are.

"The deal was suggested by the government attorney in the case of the combine, on the same date as the deal was suggested by the government attorney."

"No, sir, not in the way you want me to say. I was working on the proposition simultaneously, but I think they were not brought to conclusions on the same day."

The government lawyer stated that the four contracts were all signed on July 28, 1902, and Mr. Perkins explained that a deal might be completed without any time being actually put on paper. That was a truism.

"Did you get all the men together and discuss the proposition?" persisted the attorney.

KEPT THE MEN APART.

"I kept the men apart," replied the witness with emphasis. "I would have been the last thing in the world I would have done. Mr. Grosvenor, you cannot know much about the deals, to suggest such a thing. I was particularly interested in keeping the men apart. Had they come together they would have known I was trying to get the five or more firms and they would have advanced their prices on me. I wish you could see this organization as I see it. You are looking back at it over ten years, while I look at it as a constructive whole."

Yes, replied the government attorney, "we are looking at the results of its formation ten years ago. That is what we are interested in."

"You could have learned this long ago," replied Mr. Perkins. "If you had called me then, but you did not and I had to wait until now when I am testifying under notice. I probably will be ultimately indicted for having given you this information."

Had 13 Housekeepers For One Farmhouse

KANSAS CITY, June 20.—Mrs. Nan Wilhite Sperry and Miss Louis Cornforth of the board of public welfare answered yesterday at different hours an advertisement of William E. Smith for a woman to keep house on a farm. Mrs. Sperry and Miss Cornforth both answered the advertisement. He told them he had given the last housekeeper he had \$1000, but they had Smith arrested. In the Municipal Court yesterday the testimony was that Smith had hired 13 of the 25 men who applied to him for a job. He was fined \$100 by Judge Burney on a charge of vagrancy.

BAKEFOOT BUKGLAH HELD TO ANSWER

GEO. W. WARD, the "barefoot negro burglar," who entered 48 homes in Oakland, was held to answer this morning before Judge Mortimer Smith on a burglary charge, a bond for his appearance before the Superior Court for trial being fixed in the sum of \$5000. Ward has confessed over 50 burglaries.

Drink Is Cause Of Suicide Pact

MINNEAPOLIS, Minn., June 20.—Mr. and Mrs. A. K. Schert are in jail today, having been arrested because their neighbors notified the police they had been drinking.

The marriage of Mr. and Mrs. Schert attracted considerable attention a few weeks ago, when it was claimed that they eloped from an inebriate hospital at Wm. Minn. to become husband and wife.

When John Schert, one of the police department and detectives attached to the central station, saw both admitted they had planned to commit suicide because they could no longer endure their fight against the drink habit and wished to die together.

WHITE IS ACCUSER.

Richard M. Boyce was arrested this morning on a charge of battery against him by his wife. The arrest was made by Patrolmen Police and the wife was fined \$100 by Judge Burney on a charge of vagrancy.

FICKERT CALLS MYSTERIOUS WITNESSES

Pronouncing Evidence Against Two Police Officers on Trial.

Frank Esola Brought Back to Testify; Other Names Withheld.

SAN FRANCISCO, June 20.—The trial of Detective Sergeant Arthur Macpherson and Patrolman Charles Taylor, proceeding on its way with added celebrity in Judge Lawlor's court this morning, officials of the district attorney's office, were gathering and arranging a mass of evidence which they expect will send the two defendants to the county jail for one year.

Frank Esola, the convicted man, brought back last night from Folsom, where he has been to serve a term of five years, was brought to the District Attorney's office at 10 o'clock. Assistant District Attorney Ferdinand met him and began to go over with him evidence which it is hoped he may give against his former companions in the ranks. Three other persons about whom a pall of mystery has been thrown by the District Attorney, were also being questioned. These men are witnesses whom Fickert says have kept in the background until now. The news that "Chito" Raviso was coming to make a confession on the witness stand here, induced them to come forward and tell what they knew. One of them, according to the prosecution, was a go-between with the police, bringing and another is remotely connected with its inner workings and can and will give important evidence against the two of them.

CAPTAIN WALL ACCUSED.

It was learned when that Captain of Police Eugene Wall of the Bush street station, formerly in charge of the upper office, would be called to testify. His name has been mentioned by Gallo as having participated in the bunco graft. Gallo says he was informed by the other police and Wall is to be given a claim that he never knew of the operations of the bunco.

District Attorney Fickert is dissatisfied with the testimony given yesterday by Probation Officer Nichol. The latter stated that he did not know of the bunco and told him Captain Moore had promised Gallo protection. Nichol couldn't remember whether this was before or after Gallo was sentenced. Fickert says that Nichol's statement is more than that given on the witness stand.

Frank Jordan took the witness stand at the opening of today's session and was cross-examined at great length by Colonel Eddy for the defense.

Morris de Martin took the witness stand just before the noon adjournment. He was questioned regarding his Seattle connection by Assistant District Attorney Brennan.

HEART TRIBUNES PAGE for WOMEN HOME

Society

WITH June drawing to a close and June weddings occurring by the dozens each week a number of wedding dates are being announced for July. The warmer month promises to be almost as popular as June with the pretty bride-elect of the east bay cities. One of the first to announce is Miss Gladys Shaw, the daughter of Mr. and Mrs. H. W. Shaw, who will be married to Ralph Gardner Hewitt on the evening of July 16 at the home of her parents on Walsworth avenue.

DATE IS SET.
The wedding of Miss Marian Dorothy Woodside and Mr. I. Pratt will take place July 5 at a simple home ceremony at the family residence in Grand street, Alameda. Miss Florence Isabel Woodside will be her sister's maid of honor and only attendant. The wedding plans will come as a surprise to the friends of the young couple, as their engagement has been known to a few only of their closest friends. The bride-elect is the daughter of the late W. J. Woodside, a well-known shipping man of the coast. She is one of the attractive girls in the society of the Encinal city, and many social affairs will be offered her before the wedding date. Pratt is the son of Mrs. L. M. Pratt of Santa Clara avenue, Alameda, and is an active member of the Encinal Yacht Club and a prominent Elk. He is engaged in business in San Francisco. The couple will reside in Alameda after an extended honeymoon trip.

THURLOW-SHEAN WEDDING.
The marriage of Miss Emily Thurlow, daughter of Mr. and Mrs. Thurlow, to Lee F. Shean of Berkeley, took place last Wednesday evening at the bride's home on Seventh avenue. Father Kennedy officiated. A flower girl of pink brides' roses and ferns furnished the setting.

The bride was attended by her sister, Miss Maud Thurlow, as maid of honor. Joseph Taylor acted as groomsmen. The bride's gown was of pink marquisette, covered with pink silk chiffon trimmed with cream shadow lace and pink velvet. The maid of honor wore pale blue silk. An elaborate supper followed the ceremony, after which the bridal couple departed for a month's trip through the Canadian northwest and Alaska.

The bride is an attractive girl of the blonde type and has many friends in the city. The groom is a popular young business man of Berkeley. The couple will make their home in Berkeley.

TO CLOSE HOME HERE.
Mr. and Mrs. Wilbur Irving Wilson and their attractive daughter, Miss Mignon Wilson, are planning to close their home in Linda Vista shortly and journey to the Santa Cruz mountains, where they will spend the summer. They have taken the George D. Greenwood place in the mountains for the summer, and Miss Wilson will entertain a number of house parties of her young friends during the summer months. Miss Clarisse Lobse went down yesterday to be a guest for a few days.

REOPEN COUNTRY HOME.
Mrs. Ernest Alvah Heron has reopened the Heron country place at Berkeley, where many of the town friends of the family will be entertained during the summer months. Miss Clarisse Lobse went down yesterday to be a guest for a few days.

CELEBRATE BIRTHDAY.
Mrs. E. Baldwin of Thirty-ninth avenue, Fruitvale, gave a party Wednesday in honor of her mother, Mrs. C. Phillips, who celebrated her seventy-ninth birthday anniversary. The home was beautifully decorated, every room being fragrant with flowers. The guests included Mrs. Phillips and relatives living in Oakland and San Francisco were present. Those present were: Mrs. H. Drucker, Mrs. W. A. Meyer, Mrs. G. W. Davidson, Mrs. John Laughlin and Mrs. Baldwin, being the five daughters. Miss Charlotte Booth, a grand-daughter, and Miss Helen Davis, J. B. Collins, a great-grand-daughter, Mrs. B. D. Phillips, a niece, and Mrs. Jones, her sister-in-law; also a Mrs. Jones visiting from Helena, Montana. Earl Baldwin, a grandson, reached home from school in time to share in the festivities.

ENTERTAIN AT MOSSWOOD.
In the picturesque tea-house of Mosswood park, Miss Ethel Moore entertained several days ago in honor of Mayor and Mrs. Frank K. Mott and Mr. and Mrs. Arthur Tashner. Miss Moore also complimented her guests with a large bouquet of flowers. The guests included Mrs. Gray and her sister, Mrs. Parker, at tea given in Mosswood recently. Among those invited to meet Miss Gray and her daughters were Mrs. Frances Selby and her daughters, Mrs. A. A. Moore, Mrs. Francis Cutting and Miss Mabel Gilman. Miss Louise Davis and Miss Helen Davis of Berkeley also selected the tea-house of Mosswood park as the setting of an affair given for Miss Eleanor Godfrey of Berkeley. The friends invited to greet Miss Godfrey were Mrs. E. Ellason, Mrs. Frank Moore, Mrs. J. H. Godfrey, Mrs. Anna Hughes and Mrs. Edward Painter. The tea was served under the supervision of Mrs. W. H. Ketchum, who is the gracious manager of the artistic tea-house.

RETURN FROM SPRINGS.
Mrs. J. A. Nutting and her daughter, Mrs. J. H. Fairchild of this city, have returned to their home, 1030 Euclid street, after a week's visit at Shasta Springs, where they have been the guests of J. Paul Nutting, son of Mrs. J. A. Nutting.

CARD CLUB HOSTESS.
Miss Herlinda Nowell was a hostess this afternoon, entertaining the members of one of the smaller card clubs of the season with a delightfully informal affair at her home in Grand avenue. The guests numbered about twenty-four and the hour passed over the tea-cups.

VISITING SOUTH.
Miss Ines and Miss Leona Merchant, the two attractive daughters of Mrs. Ella Fogg Merchant of Webster street, are enjoying a lengthy stay in Los Angeles.

fortnight. After her return she will make a motor trip to Del Monte with Mr. and Mrs. Frank Hunt Proctor.

ENTERTAINING BELLES.
Mrs. Charles Raymond Church is entertaining Miss Marie McHenry and Miss Myra Hall as her house guests at her country home in Grass Valley. They will remain for about two weeks. Mrs. Church was Miss Grace Downey before her marriage, which was one of the social events of the early winter.

JUNE WEDDING.
Miss Anne Gray, daughter of Mrs. Chas. J. Gray, has chosen June 24 for the date of her marriage to Grove E. Hermann. The ceremony will take place at the home of the bride's mother in Berkeley, with the Rev. H. H. Pugh of St. Nicholas' church as the officiating clergyman. Relatives and close friends only will be witnesses to the plight of the vows. The young couple will leave the following day for a honeymoon trip to the south, and will make their future home in Coronado. The bride-elect is one of the popular girls in society in the city. Hermann is an architect and was formerly established in business, with his brother in Berkeley. They are now pursuing their occupation in the south.

Use Your Neighbor as Your Mirror

By LILLIAN RUSSELL
(Copyrighted, 1912, by Lillian Russell.)

ST T is a curious suggestion to use your neighbor or your friend as a mirror, and one which seems to imply unkindness. But there is no compromise in being truly critical with a view to self-betterment. All of us have friends who, no matter how much affection we may feel for them, have certain little habits and manners which are an unpleasant touch to the picture. These little imperfections require no criticism, but, if viewed properly, they will serve as little sermons which, if heeded, will be of great oment. It may be an indolent manner in walking, a careless and slouching habit of sitting, an unrestrained or discordant note in the voice, or one of a thousand things inharmonious with charm and polish. The observance of such imperfections will amount to idle criticism if they are noted and nothing more. The necessary thing to

be obvious enough to attract your attention. Have you some of the same which attract the attention of your friends and neighbors?

Thus you make a mirror of people—a speaking and acting mirror—by which you see acted before you the things you would avoid in following your own ideas of developing charm. One may have a bad habit of laughing harshly and loudly; so keep watch upon yourself and see if the fault you note in others is sometimes committed by yourself. Note in your neighbor the expression of the face and see how easy it is to read in that expression the character of thoughts that shape it. And if you read there anything of malice, or hatred, or envy, or jealousy, be sure that others will read the same on your face if you entertain any of these destructive emotions. How often do we hear assertions like this: "She is a pretty girl and would be altogether lovely were it not for a certain expression of irony constantly in evidence upon her face."

There is the visualization of one false emotion actually destroying the beauty of a face—actually discounting the girl being discussed—and she probably never has heard an honest criticism, for her friends would hesitate to offend or hurt her. Yet people may be saying the same thing of you. So study these defects in others, not with a view of criticism of others, but of yourself. And if it is a close and dear friend who is thus handicapped, find some tactful way to advise and help her. Remember, if you readily recognize defects in others, you are doubly to blame if the same defects are to be recognized in yourself.

Deaf, Dumb, Blind, Girl Learns Speech and Typewriting

PHILADELPHIA, June 20.—A demonstration of the progress made by Katherine May Erick, a 13-year-old girl, who was deaf, dumb and blind when she entered the institution four years ago, was a feature of the commencement exercises yesterday at Pennsylvania institution for the deaf and dumb at Mount Airy, near here. The little girl can now use a typewriter with proficiency and can communicate in a clear and intelligible tone of voice. She "listens" by feeling the vibrations on the lips of the speaker.

Thirteen students were awarded diplomas and seventeen others received certificates at yesterday's exercises.

Carter, with their wives, sailed yesterday.

Lieutenant Marr, who is one of the tallest men in the army, married Miss Mildred E. Ryan of Los Angeles (Lieutenant Carter's bride was Miss Fay Sawyer of San Antonio).

When the newlyweds arrived on the transport wharf their friends were ready for them and after the wives had been presented and greeted both couples were delighted with the news.

"You are very," said Lieutenant Marr, "that I'm the luckiest and happiest man in the army."

"You can make it the same for me," said Lieutenant Carter.

"And we're glad, too," declared the bride in chorus.

And then the hand played the lines were cast off and the Thomas pulled out.

Weds Cousin of Earl
SACRAMENTO, June 20.—Friends of C. Young Williamson, 384 Francisco clubman and spouse of Eusebia, Ireland, were much interested in the news of his marriage to Mrs. Sybil C. Lamm, cousin of the Earl of Dudley, in San Francisco, as Williamson formerly lived here.

He worked as a street car conductor for a time and then as a solicitor, and introduced soccer football here. After he fell heir to his father's wealth in Ireland he secured a divorce from his American wife in the local court.

He is said to have settled \$50,000 upon her, besides alimony monthly.

RECALLS REFERENCE TO KLAMATH RIVER
WASHINGTON, June 20.—Last commercial interests along the Klamath river in California to be affected by the Supreme court of the United States holding the river to be a navigable stream, Justice Pitney recorded yesterday an opinion recalling its recent reference to the river as a navigable stream. The references were made in the court's decision in the case of James Donnell, charged with committing homicide on the Klamath river in the Hopa Indian reservation.

The "tips" outwear the gloves

"The Kayser" SILK Glove

is the World's standard silk glove—all other silk gloves are measured by the "KAYSER" standard.

The development of the "KAYSER" Silk Glove represents the attainment of an ideal, the achievement of which has not been hampered by restrictions of cost or time, nor influenced by a passing demand for features most aptly characterized as "talking points."

We could not afford to buy expensive advertising space "year after year," to tell the women of America that "KAYSER" Gloves are the best—in style, fit and finish—if it were not true.

"KAYSER" gloves "cost no more" than the ordinary kind—and are worth double in quality, fit and value.

Don't accept the "just as good" kind, there's a way to tell the genuine—"Look in the Hem"—if you find the name "KAYSER"—you have the kind that "don't wear out" at the finger ends.

CITY WILL CONDUCT ITS OWN MUNICIPAL SALOON BUSINESS

SISSETON, S. D., June 20.—Commencing July 1, Sisseton will have the nearest approach to a municipal saloon of any town in South Dakota. The licenses for two saloons to which the town is entitled were granted to W. E. Hollenbeck by popular vote.

Hollenbeck will conduct the business on unique lines. He will work on a salary of \$1800 per year and the profits of the business will be divided as follows:

Fifty per cent will go into the county good roads fund and the remaining fifty per cent will go into the city treasury.

The daily receipts of the saloon will be turned over to J. A. Pickett and J. Plut, leading citizens, under whose control the business will be conducted. The name of the city will not appear in any of the transactions of the saloon.

NEW BUILDING IS URGED FOR DOWN TOWN CHURCH

Congregation Member Would Move Edifice to Outlying District

The First Congregational church in an outlying district, a letter written by a congregation member has been made public. The letter contains a statement that the present location of the church is a disadvantage as a business site, and that the congregation is desirous of moving to a new site.

The letter is as follows:

"I am a member of the First Congregational church of Oakland for twenty years. I was married there and had my children baptized. Around it are all the memories of my childhood."

However, after all this, I grieve to say I cannot now attend. There is a building in the church is in a disadvantageous location. It is a business site, and I am a business man. I am desirous of moving to a new site. I am desirous of moving to a new site. I am desirous of moving to a new site.

Lewis' Fifth Anniversary Sale

I MADE A PROMISE FIVE YEARS AGO; I KEPT IT. READ IT

This is my promise given to the public through the columns of this paper five years ago:

"We're here to serve you, to please you and to save you money."

"I understand my business and have invested my capital here for the purpose of giving Oakland the most up-to-date meat market on the Pacific Coast."

"Come to my market and see for yourselves. It is between Broadway and Washington and convenient to all cars. I am determined to win your trade by high quality of meats, low prices and unfailing courtesy."

"The Lewis Market is a model of sanitation and cleanliness. The counters, racks, blocks, trays, meat cutters, scales, etc., are of the latest type and designed for quick, clean and efficient service."

"I bring all my meats direct from the cattlemen to the consumer, buying my own cattle, doing my own killing and saving the middleman's profits."

"Our meats look different from much handled meat—and it tastes different."

I made good on every assertion on the above promise and did more. I have given the public of Alameda County one of the most Sanitary Meat Markets on the Pacific Coast. I have installed a complete refrigerator plant, including refrigerator counter, etc. I have spared no expense to make The Lewis Market at Washington street the most complete, up-to-date, sanitary market on the Pacific Coast, and at the same time I kept the best quality of meat that could be found in the market and sold it lower than the other markets. My profits are small, I admit. My slogan which you have seen in many of my ads. is, "A Quick Dime Beats a Lazy Quarter." You remember the old stand on Ninth St., between Broadway and Washington, "White Front With Red Letters." The same Lewis in a bigger place.

The general sentiment was I would go broke inside of a year, on account of the low prices I sold my meats. But I didn't. I am still here, bigger, stronger and better than ever, just because I have treated the public square. I have given them the benefit of my long experience in the butcher business without charging them for it. I give the public the jobbers' and middleman's profits, but buying direct from the cattlemen.

Young American Is Arrested for Speeding

LONDON, June 20.—A young man who said he was William Gallery, a Princeton student and son of the late William Gallery, was arrested in a Police Court yesterday on charges of violating the speed law and driving an automobile while intoxicated.

He was arrested after a long chase by a patrol car. He was taken to the police station and held overnight.

Court Affirms Auto Speeder's Conviction

TRENTON, N. J., June 20.—The Supreme court affirmed today the conviction of Daniel Dugan, Jr., on a manslaughter charge in Essex county, driving his automobile on Christmas day 1911, when he ran down and killed Leo Francis McDevitt, a boy who was crossing the street. He was sentenced to imprisonment at hard labor for not more than ten nor less than five years.

Dugan is a son of Judge Paul A. Dugan, a friend of President Wilson, who appointed him to the judgeship about a year ago.

AUTO STRIKES BOY OF 7, IS TAKEN TO HOSPITAL

Fred Borrow, a 7-year-old lad living at 1765 Eleventh street, was struck down in Wood street near Tenth last evening by an automobile driven by J. P. W. Williamson of 823 Wood street. Williamson picked up the victim and rushed him to the receiving hospital where it was found that he had sustained concussion of the brain and lacerations of the scalp.

DURANT SCHOOL WILL PICNIC TOMORROW

The Durant school picnic will be held at East Shore Park tomorrow under the auspices of the Mothers' Club. The school band will be on hand and will give one or two concerts during the day. The Presbyterian church picnic will also hold their picnic tomorrow at the same park. There will be dancing in the pavilion.

CHARGE OF THE MOTORCYCLE VAN

Indiana Militia to Have a Brigade on Wheels in Place of Cavalry.

The handsome trooper, with his gleaming steel and flashing cap—in short, the "man on horseback," after 2000 years of picturesque and heroic service, is to be no more. The infantryman of the future will not be ridden down and hacked to pieces—he will be scared to death by the "honk, honk" of a body of charging motorcyclists.

The state of Indiana is to organize a corps of motorcyclists as a result of the splendid aid that motorbikes rendered to the militia during the recent floods. Submerged roads and washed-out grades failed to halt them, so in the fair weather in which military operations are usually carried on they should be invaluable.

California is particularly fortunate in the matter of good roads and trails for motorcycles, and their use in civil sequence. Many of the well-to-do riders buy a new machine each year, and the old one has years of service. These replaced thrifty buyers for the proverbial song.

Let's Talk This Thing Over

Reasonably and Sensibly...

The time is past when it is necessary for us to advocate the necessity and usefulness of a player-piano, as compared to the silent piano.

Which do you prefer?

Player Piano 100% Efficiency

Music when you want it.
Music how you want it.
The kind of music you want.
Played the way you want it.
An endless variety of music made possible by our free exchange library.

Silent Piano (?)% Efficiency

"I've forgotten my music."
"I'm tired of that piece."
"My hands are cold."
"I don't feel like playing."
"I've forgotten the rest of that."
"Mary is just learning."
Etc., Etc., Etc.

The Player-Piano fills a long felt want and NEED--

--And now while we are talking Player-Piano it is most natural that we think of the AUTOPIANO Player-Piano, which ranks undisputedly supreme in Player-Pianos. Accepted by the United States government, United States navy, British Empire, Imperial courts of Europe and by the great artists of the world—Tetrazzini, Mary Garden, Puccini, Victor Herbert, and a score of others whose judgment is law and unquestioned, and who guard their opinion as sacredly as honor itself.

Here Is the Unusual Part of This Advertisement

--The Autopiano Player-piano is the best obtainable at any price. But the Eilers little-profit-per-piano-plan and the magnitude of 40 retail stores enables YOU to own a King's Player-Piano. THE AUTOPIANO COSTS LESS THAN INFERIOR MAKES, and can be purchased for \$2 per week, with free library exchange privileges.

OUR SLOGAN:

Why Pay \$700 for a Player-Piano When
a Better One Can Be Had for \$457?

It's easy to quickly find out what is obtainable for \$700.

Shop around all you want to, find out—for yourself the utmost to be had for \$700. Don't look at anything for less than \$700. Look only at the very best and most expensive instruments, then come here and get a better, a more valuable Player-Piano, better in tone and better in the artistic rendering of your favorite selections at a saving of exactly \$243 and on payments of \$2.00 weekly.

Do you suppose we would make a statement like this if it couldn't stand the test? Could we have sold the entire original shipment of 63 beauties during our recent sale if anyone had taken up our challenge and disproved our statement?

Free Stool and Bench, free tuning, free delivery, free Music Roll Exchange, free instructions, no extras; \$2 per week will do it. Immediate delivery. Save \$243. Your old piano taken in trade at full value.

We have taken in exchange on Player-Pianos almost every known make of piano. These have been thoroughly overhauled and polished in our shops and we will sell them on terms of \$1.00 per week and at prices that will startle the piano trade. Such well-known makes as Ernest Gabler, Decker, Chickering, Kimball, Smith & Barnes, Arion, Kingsbury, Hallett & Davis, Mason & Hamlin, etc., etc., which we will sell at prices of \$76, \$92, \$112, \$134, \$187, depending upon condition. These are all notable pianos.

TO TAKE STEPS TOWARD CALLING BOND ELECTION

Issue at Higher Rate of Interest Contemplated; Mass-Meeting Held

Endorsement of the plan to place before the citizens a proposition to rebond the city for the amount of the present bonds in the hands of the city treasurer, fixing the rate of interest on the new issue in accord with the market value of money at the present time, was voiced at a mass meeting of taxpayers and representatives of the various commercial and improvement clubs of the city, held in the council chambers last night. The half-completed quarters of the council in the new City Hall were filled last night and speeches were made by men and women representing almost every walk of life.

Following the addresses, which were almost unanimous in their approval of the plan to call a bond election, it was announced that the first steps will be taken today toward the calling of such an election. A committee is to be appointed immediately to prepare estimates of the interest it will be necessary to ask to

make the bonds salable. The city council will then pass a resolution determining the necessity of a bond election, and the official proclamation.

LANTERNS FURNISH LIGHT.
It was feared for some time last night that it would not be possible to hold the meeting. Trouble with the wires resulted in the council chambers being plunged into total darkness, and when the people began to gather they were directed to the council chambers by the feeble rays of a number of hastily gathered oil lanterns. The first part of the meeting was held in the unfinished council chamber by the dim light of the few smoky lanterns.

The spirit of determination among the people was not eclipsed with the lights, however, and a feeling of optimism pervaded the session. Representatives of the Oakland Commercial Club, Downtown Association, United Improvement Club, Merchants Exchange, the women's clubs and other organizations appeared and

Sexual Matters to Be Studied By Chicago Pupils

CHICAGO, June 20.—Instruction in matters of sex for high school pupils was authorized yesterday by the board of education, and the board of health, and a number of physicians well versed in the problems of hygiene and physiology will be secured for a lecture course.

The superintendent stated that the elementary schools need such instruction, but did not believe that the time is due when that phase of the question should be taken up.

voiced their approval of the plan to call for an election. There were a few dissenting voices, led by two Socialists, who suggested that the condition could be met by offering bonds at the present rate of interest but at a denomination of \$50 and \$100 bonds, instead of \$100 as the lowest denomination, as at present.

SMALL BOND UNSALABLE.
It was pointed out by J. G. Brown, representing the firm of N. W. Halsey & Co., bond buyers of New York, Chicago and San Francisco, that there is practically no market for \$100 bonds, and that the experiment of attempting to sell them has invariably failed when tried by any community.

It is necessary to pay for money at the regular market rate as it is for any other commodity. When the city has to go out and purchase fuel, or supplies, the price of these supplies is not determined ahead of time, but they are purchased at the market rates. But when the city has to buy money, it is necessary, by reason of the legal formalities, to determine how much the city will pay for the money before it goes out to get it. This limitation is not a disadvantage, but a necessity to save to face with conditions such as this once in a while.

Two years ago the market was such that 40 percent bonds were good in the market; they were good payment for money. It would have been foolish at that time to have voted 5 percent bonds. But at the present time you cannot get money under the market rate, and you must pay more for it.

CITY WOULD RUN RISK.
"It has been asked several times, to-night whether the city would not be able to sell the bonds if they were of a lower denomination. There is no sale, and has been no sale, for \$100 bonds. We would not take them, and the people do not come forward to buy them. If the city wished to make the experiment, a small portion of the issue might be made of the \$100 denomination, but it would be at the risk of having to dispose of them at a loss."

Mayor Frank E. Mott opened the session by explaining the purpose of the meeting.

"The city of Oakland finds itself in the position of being unable to sell its authorized bonds. This is not a reflection in any way upon this city. It is because of the increased value of money, and the present stringency.

"It has been the policy of the city council to withhold the sale of bonds until the money was necessary for the work; as otherwise we would be forced to pay a heavy rate of interest on money that was lying idle. This has proved entirely satisfactory in the past, but when the city council came to authorize a sale of bonds they found that it was impossible to market its securities."

MANY PROJECTS UNDER WAY.
"There are a great many more improvements under way, as you know. We have the schools started, the city hall, the auditorium. It is essential that there should be completed. There is not a district in Oakland in which there is not congestion of the schools. We need new schools and we must have them."

"We have gone over the matter carefully, and have tried to devise some means to solve the difficulty. In order that we might find the money to have the contractors continue their work, the contractors have been in an awkward position, as they too, have found it difficult to obtain credit and money at this time."

DEBT NOT INCREASED.
"The one solution we have been able to find is that of withdrawing these bonds at 4 1/2 percent and issuing new bonds at a higher rate of interest. This does not mean that we shall increase the bonded debt, but merely that we shall rebond the city for the same amount at a higher rate of interest."

structures that will be a credit to the city. It will be a discredit and a blot upon the city if these are not completed."

Supervisor McLaren of San Francisco, speaking for the contractors, said:

"We realize that we are face to face with a serious situation for which we do not hold the officials of this city responsible. It is a great problem. We have discussed the matter at length with the city officials. The only solution that could be suggested was the calling of this meeting tonight."

"We cannot accept these bonds at par because they are not marketable. It is not a matter of the denouncing of the bonds. We would accept them if they were marketable."

NOT SOLELY LOCAL CONDITION.
"This is not a local condition. We have met them the same way in San Francisco. I happen to be an official of that city, and I can assure you that we face a similar problem there. We have been unable to sell our five percent bonds. Portland, Seattle, Los Angeles, San Diego, all have the same condition confronting them."

"I can tell you frankly that you are putting up the finest set of school buildings in Oakland that are being built. The buildings that may be equalled, but cannot be excelled in any city in the country."

O. F. Hotte, representing the Oakland Commercial Club, spoke of the difficulties of private investors in obtaining money on 4 1/2 percent securities at this time.

Hotte said:

"It would be fatal to the interests of this city if these schools were not completed. We have advertised to the world that we are building splendid schools and a great auditorium. We cannot afford to have it said that for one-half a percent we allowed the greatest investment to lapse. We have the backing of the directors of the Panama-Pacific Exposition and various other organizations in our city for the 1915 convention of the National Educational Association, and we have good assurances that we shall be successful in being the convention city. But we cannot ask this if we cease building improvements. If we ask to have a large convention here, we must have the magnificent buildings to house them."

"If we get this convention in this work, it will mean that 25,000 people will come to this city and spend their money here. We will reap a return that will make this increase of half a percent seem of very small concern."

CITY OBLIGATED.
Short addresses were made by Walter Henry, C. E. Hubman, representing the United Improvement clubs east of Lake Merritt and others, who expressed their belief that the city was obligated to complete the schools.

The contracts with the building concerns which had accepted the awards on competitive bidding in bond form.

P. C. Bradford, secretary of the Builders' Exchange, made a short talk. He said:

"Every building now under construction, good ball and won out by a score of 20 to 0. San Francisco and Berkeley were in 9. San Francisco was the victor. The lineup was as follows:

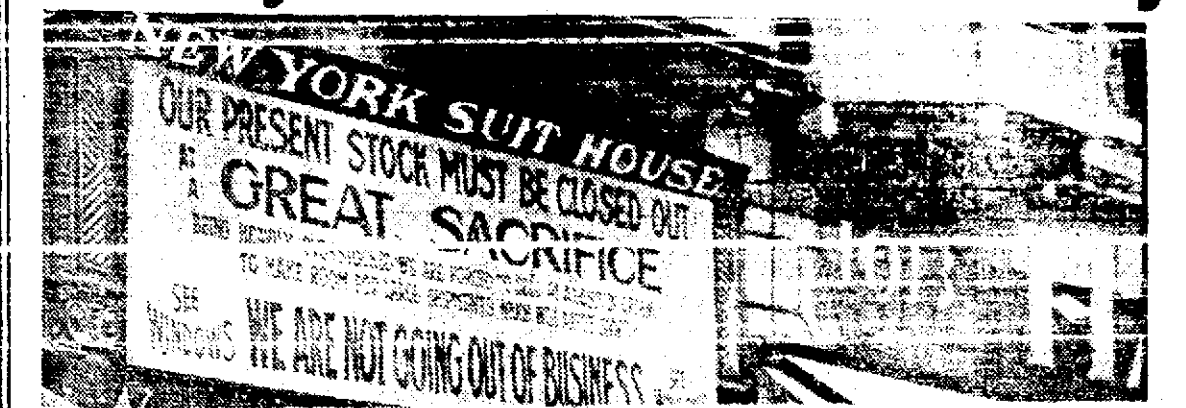

Tompson, Castro, Datto, Darrot, Yeager, Sautenito, Mackenell, Yenabe, Marlon T. Datto.

TO HOLD FESTIVAL REUNION TOMORROW

MISS LILLIAN CARLSON.

The Swedish-American Patriotic League of California will hold its annual reunion tomorrow. The league's membership is composed of delegates from all the Swedish religious, fraternal, social and political societies in California, and its yearly celebrations are exceedingly popular. For the first time in ten years an east bay girl has been chosen queen of the festival, the choice having designated Miss Lillian Carlson, daughter of Mr. and Mrs. S. A. Carlson, of Stege, for the coveted post of honor.

CONDEMNATION TO BE RESORTED TO

Richmond City Council Will Take Final Action in the Suits Tonight.

RICHMOND, June 20.—Final action will be taken by the city council this evening upon the filing of suits in condemnation against the Santa Fe Railway Company and 25 other property owners whose holdings are desired for the right of way for the municipal tunnel from Ashland avenue to the proposed outer harbor.

City Attorney D. J. Hall announced today that the final papers are ready and that Engineer P. A. Highland has submitted the description of the land desired by the city. It is expected that the suits, especially the one with the railway, which owns the greater part of the land desired, will be fought out to the supreme court before adjourned. The city is entering this litigation with the intention of carrying it to the highest courts if necessary.

WHARF WRECKED; OIL AFLAME

Costly Structure Destroyed by Vessel Which Breaks From Moorings.

RICHMOND, June 20.—The immense wharf which the Union Oil Company has just completed at Orum, north of this city, at a cost of many thousands of dollars, was swept away last evening and what was left of the structure was threatened with flames from a peculiar accident.

The steamer Phillips, which was loading oil at the long wharf, broke away from her moorings in some manner and swept through the wharf, tearing away about 600 feet of the structure. The break tore open the big oil feed pipe on the wharf and thousands of gallons of oil poured into the bay. The oil became ignited almost immediately and the roaring flames surrounded the ship. Captain Curtis of the Phillips was able to save his ship from serious damage, though the injury to the wharf and the loss of oil will reach a large figure.

DOWN TOWN CLUB HOLDS MEETING

Reports Read on Completion of Quay Wall and Other Improvements.

The members of the Down Town Improvement Club, at the meeting in Hotel Griffin last evening, listened to three reports of committees which were particularly pleasing to them. The first report, upon the future of the district. The committee on the quay wall reported that the actual construction work was complete and all that remained of this first contract was a fill behind the wall of less than 15 feet which would not require more than a couple of days, and that the construction will have taken place within a week or ten days. Now all that remains to make the quay wall available for shipping is to dredge between the government channel and the wall, to a depth of 30 feet, and for this work a contract will be let almost immediately. The estimate for this work is about \$200,000.

amount of bonds with which to complete the work, showing that the work will come within the estimated cost.

The eighth-street bridge committee's report was almost equally acceptable to the club. This body had reported that the first contract was finished, the main barrel of the conduit and the cement foundations were all complete and soon as the filling finally stops sinking the street will again be filled and made ready for traffic. Another contract will be let almost immediately.

The removal of the old city hall committee made a report to the effect that the old structure will be sold at public auction tomorrow morning at 10 o'clock. The purchaser as part of the purchase price agreeing to remove the entire structure within 30 days. A committee was appointed to arrange some stunt to celebrate the opening of this thoroughfare to connect the north and south portions of the city and make a through street of what has been a blind one.

Three new six and seven-story buildings in the district, to be begun at once, was an acceptable statement to members, showing that this district, the oldest in the city, was beginning to awaken to its possibilities and that the property owners were realizing that their investment in land would prove more profitable if built upon in a modern manner.

Vice-President D. Knabbe presided at the meeting in the absence of President Aber, who has not returned from the "boosting" trip in the north.

'VULCAN' REMAINS OAKLAND COMPANY

Fire Insurance Concern's Underwriting Branch Only Will Go to S. F.

The success of the Vulcan Fire Insurance Company is something of which this city has a right to be justly proud. Starting as it did less than one year ago—far removed from the insurance world, its directors have decided that, in order to keep pace with its competitors, it is advisable to remove the underwriting branch of the business to San Francisco, where all of the general and home offices are located, and where the larger and more desirable lines of insurance controlled by companies and brokers are placed.

At a recent meeting of the directors it was decided, after a careful investigation, to transfer the company's underwriting branch to San Francisco. In speaking of the change, President Tom C. Grant explained that this will in no wise interfere with the operation of the company as an Oakland institution; that its financial operations will still be conducted in Oakland and the company's executive offices remain here as formerly. But of necessity, where insurance is so largely interchangeable between companies, it seems absolutely imperative that the company's active operating department should be in San Francisco. The conclusion of the directors is one that, reached as it is, in the interests of the stockholders, will meet with general approbation and means a still more rapid and healthy growth for the "Vulcan Fire." The local city agencies will remain in the hands of Reed Chickering and the Laysman Real Estate Company as hitherto.

SHOT BY ACCIDENT

While cleaning a 35-caliber revolver in his home at 1752 Goss street last night, William L. Althimer, a porter, accidentally shot himself in the left leg. The bullet imbedded itself in the femur, fracturing the bone. The injury was treated at the Receiving Hospital.

REACH AGREEMENT OVER HETCH-HETCHY

WASHINGTON, June 20.—Following the agreement between San Francisco's representatives and agents of the Turlock-Modesto irrigation project, over the division of a water supply from Hetch-Hetchy, both sides yesterday conferred with Secretary of the Interior Lane over the compromise.

Lane called in several bureau chiefs and considered the agreement, which must receive his sanction. It was announced that Lane, within the next two days, will give his decision on the agreement, details of which have not yet been made public.

As soon as this is done, Representative Raker will introduce in the House an amended Hetch-Hetchy bill, in conformity with Lane's recommendations. This measure will be referred to the House Public Lands committee. The bill

may be introduced tomorrow; if not then probably the following Monday. A hearing on the bill will be ordered by the Public Lands committee the middle of next week.

COAL OPERATORS MEET. WASHINGTON, June 20.—Fifty coal operators, representing virtually all of the mines in the New River, Pocahontas and Virginian coal fields in West Virginia, met here yesterday and agreed to refuse further recognition to the United Mine Workers of America in dealing with their employees. The decision was unanimous.
